

PRIYANSH PATHAK

Engineering Student specializing in AI & ML

📞 (+91) 9868782025 @ pripat1008@gmail.com 🔗 <https://myportfolio-one-ochre.vercel.app/> 📍 Ghaziabad, UP

SUMMARY

I am a proactive and detail-oriented engineering student specializing in AI and ML. With experience in web development, software testing, and artificial intelligence, I thrive in collaborative team environments. I have a solid foundation in programming languages and frameworks, complemented by hands-on project experience. My passion for continuous learning drives me to tackle challenges and deliver measurable results.

EXPERIENCE

Web Development Intern

GAO Tek Inc

📅 10/2024 - 01/2025 📍 Online

A company focused on providing engineering solutions and technical support.

- Developed and maintained responsive and user-friendly web applications to enhance client engagement and accessibility.
- Assisted in testing and debugging processes to ensure high quality deliverables and improved user experience.

Software Testing Intern

CodTech IT Solution

📅 12/2025 - 01/2025 📍 Online

A technology company specializing in software development.

- Assisted in testing web applications and software solutions to ensure functionality and performance.
- Identified and documented bugs, collaborating with developers for issue resolution.
- Gained hands-on experience in automation/manual testing methodologies and tools.

Web Design and Development Intern

TechnoHacks EduTech

📅 12/2025 - 01/2025 📍 Online

An educational technology company focused on innovative learning solutions.

- Developed and designed responsive web pages using HTML, CSS, and JavaScript.
- Implemented UI/UX improvements to enhance user experience.
- Collaborated with teams to optimize website functionality and performance.
- Gained experience in front-end frameworks and best coding practices.

Artificial Intelligence Intern

CODEC TECHNOLOGIES INDIA

📅 12/2025 - 01/2025 📍 Online

A company focused on technological development and machine learning solutions.

- Worked on AI-driven solutions, including data preprocessing and model development.
- Gained hands-on experience with machine learning algorithms and frameworks.

KEY ACHIEVEMENTS

★ GDSC Hackathon

Contributed to a hackathon where I collaborated with a team to design and develop a functional prototype under time constraints.

★ Quiz Application

Developed a fully functional quiz application tailored for the college community, integrating secure database features.

SKILLS

CSS	GitHub	HTML	Java
JavaScript	Manual Testing		
Microsoft Excel	Nexus	Python	
React	Gmail	Responsive Web	

PROJECTS

Quiz Application

📅 01/2023 - 05/2023 📍 SRM University

A project to create an interactive quiz platform for educational assessment.

- Developed a fully functional quiz application tailored for the college community.
- Integrated a secure database to manage user data and quiz content.
- Implemented features like question randomization, real-time tracking, and automated scoring.

Online Examination System

📅 01/2023 - 05/2023 📍 SRM University

A project aimed at enhancing the online examination experience.

- Designed and developed a secure online examination system.
- Facilitated smooth test-taking for students and efficient grading for faculty.

EDUCATION

B.Tech in Computer Science Engineering with Specialization in AI&ML

SRM University of Science and Technology

📅 08/2023 - 05/2027 📍 Kattankulathur

XII (CBSE)

Gurukul the School

📅 04/2018 - 05/2023 📍 Ghaziabad
